To calculate tuition:

1. Choose the classes you are enrolled in and add the number of minutes for each class from the Class List Chart

2. Based on the number of class minutes per week, look at the tuition chart to determine your tuition based upon how you will pay: annually, by semester, or monthly.

Example: Sally is enrolled in the following classes: **Ballet III**, two classes per week (90 min. x 2 days = **180 min.**), **Pre-Pointe**, one class per week (**30 min.**), **Jazz II**, one class per week (**60 min.**), and **Beginning Modern**, one class per week (**45 min.**). Add the minutes per class for each class to find the total minutes per week as below:
